

Howard Chair

Based on a traditional Howard Harley armchair, which is effectively a deeper-seated Bridgwater, we employ the same techniques used by the original masters of comfort. And it only gets more and more comfortable with age.

The chair depicted in blue China Seas fabric is a compact version, measuring H78cm x W70cm x D96cm.

The dimensions below refer to our standard size, but these can be altered according to client requirements. For more information, including pricing and lead times, please press the 'ENQUIRE' button or email bespoke@maxrollitt.com.

Height: 90.5 cm Width: 80 cm Depth: 108 cm
