

Windsor Chair

Based on Max's favourite West Country original, our Windsor Chair is entrusted to a single skilled craftsman using English woodland timber – ash for the legs, arms and spindles and elm for the seat. Simply choose between raw wood, which will age beautifully over time, or have it painted to deepen and enrich the natural colour of the wood.

The dimensions below refer to our standard size, but these can be altered according to client requirements. For more information, including pricing and lead times, please press the 'ENQUIRE' button or email bespoke@maxrollitt.com.
