A substantial and perfectly scaled footstool, ideal for trays or books, designed to anchor formal seating arrangements.

Max Rollitt Bespoke

Our versatile range of ottomans and stools holds statement centrepieces, finely scaled benches and more besides – all handcrafted with the same attention to form and detail as our larger pieces.

Our Bespoke pieces are the ultimate expression of Max's pursuit of perfection – decades of experience as an antiques dealer and furniture maker, combined with an impeccable eye for detail.

Each piece is crafted with the utmost care by skilled artisans, ensuring exceptional quality, longevity, and authenticity.

Merging the rare qualities we treasure in antiques with the possibilities of the custom-made, Max Rollitt furniture is made to be cherished for generations.

SEYMOUR WINDOW SEAT

With its scrolling arms and shaped knees, the Seymour Window Seat evokes 18th-century Chinese-inspired forms. Available with or without back.

OVINGTON STOOL

The Ovington Stool was designed with movement, scale and softness in mind – a capacious and versatile piece, especially perfect in a dressing room.

BAMBOO OTTOMAN

A whimsical, hand-decorated, simulated bamboo ottoman, celebrating the Regency fascination for all things Far Eastern.

BLYTH BENCH

Crafted from solid oak, the gothic-influenced Blyth Bench is hand-carved in our Wiltshire workshop before being polished and – optionally – upholstered here at Yavington Barn.

Welcome to Yavington Barn
Home of Max Rollitt

A hidden gem in the Hampshire countryside, Yavington Barn is a timber-clad former grain store that now houses our showroom, offices and workshops.

Outside, wagtails flit through the courtyard and red kites wheel overhead. Inside, a series of period rooms showcase antiques alongside bespoke furniture.

Life here follows its own rhythm, shaped by the seasons and a steady flow of clients, couriers, restorers and decorators.

We've long cherished this place, so it's a joy to see it named one of Veranda's World's Most Beautiful Shops.
